### ANSWERS TO YOUR BIBLE QUESTIONS

Sunday the Sabbath?

The scriptures teach that Christians are to meet on the first day of the week, or Sunday, to worship God. Christians are not commanded to meet on Saturday, the Sabbath, or seventh day of the week. The Sabbath day was given to the Israelites by God, as one of the ten commandments, and was given to them to remind them of their Egyptian bondage. This covenant that God made at Mount Sinai was with the Jews alone. Speaking of the covenant, Moses said, "The Lord made not this covenant with our fathers, but with us, even us, who are all of us here alive this day" (Deut. 5:3). The Jews were to "remember" the Sabbath day to "keep it holy" (Ex. 20:8). There were many rules and regulations associated with the Sabbath day, such as animal sacrifices, which no men "keep" today. But God intended for the old covenant to give way to the new covenant for Christians. "In that he saith, A new covenant, he hath made the first old. which decayeth and waxeth old is ready to vanish away" (Heb. 8:13). Paul tells us, further, that in his sacrifice for us, Christ was "blotting out the handwriting of ordinances that was against us, which was

contrary to us, and took it out of the way, nailing it to his cross" (Col. esus Christ arose from the dead on the first day of the week (Luke 24:1-8), the Lord's church was established on Pentecost, a Sunday, and Christians have since then met on the first day of the week to worship God. The New Testament example is one of Christians meeting or Sunday to worship. The first day of the week observance of the Lord's Supper was considered so important that the apostle Paul "tarried seven days" in Troas that he might worship with the Christians on the 'first day of the week'' (Acts 20:7). The scriptures give no indication that Paul or the other Christians at Troas kept the Sabbath day that passed while they were waiting for the first day of the week to come. Paul told the brethren at Corinth, "Upon the first day of the week le every one of you lay by him in store, as God hath prospered him" Cor. 16:2). The early Christians "continued steadfastly in the apostles doctrine and fellowship, and in breaking of bread, and in prayers' (Acts 2:42). The apostles doctrine included meeting on the first day of the week to break bread, or have the Lord's Supper. There is no command in the New Testament for the church to keep the Sabbath day, nor is there any example of Christians keeping the Sabbath. It is true that Jesus kept the Sabbath day, as well as the Passover, and other Jewish religious laws, but Jesus lived under the old covenant keeping the old law perfectly. The new covenant, by which we live, did not come into effect until his death.

Job 32:8. But there is a spirit in man; and the inspiration of the Almighty giveth them understanding. Here in Job we find that man has a spirit within him through which God, which is the Almighty, can

Let us also read in Proverbs 20:27: The spirit of man is the candle of the Lord, searching all the inward parts of the belly. We find here that the spirit in man is the Lord, that searches all the inward things of man, his thoughts, his actions, even the feelings of a man - whether it be love toward someone or a hateful feeling; God knows the true intent of a man's heart (or spirit.)

But, hold on, there is more to this, because not everybody knows God. Therefore this candle that shines out in darkness and is so very righteous and holy - many people don't have. Do you know why? Have you ever heard the expression, "You are what you eat?" Well that means exactly what it says. If you feed your inward man or spirit things that are unholy, unrighteous, things that stink in the nostrils of God, your candle shall be put out. You find over in Job 18:5-6: Yea, the light of the wicked shall be put out, and the spark of his fire shall not shine. The light shall be dark in his tabernacle, and his candle shall be

Are you putting out the light in your tabernacle, which is your body. Many young people today and older people are looking for something, something different, some kind of new feeling. That's why some people turn to drugs, some to suicide, and some even to Satan worship. The devil is working hard in these last days and people have put out their light, through their wickedness, that they are so much in total darkness to the things of God.

If you will just call on God, He will lift you up out of darkness, so you can see the true path of righteousness. If you refuse God, He will refuse you and say "Depart from me, for I never knew you." My friend, that will be the saddest thing you'll ever hear. So call on God, before it's too late, for "the coming of the Lord is at hand." God loves you

I suppose that all Christians have society, full of sin and ungodliness; heard of Paul's thorn in the flesh.
There are many different opinions as to the nature of his problem, but
therefore, we are exposed to temptation. Paul speaks to this in 1 Cor. 10:13. He says, "There hath no instead of dwelling on the problem, temptation taken you but such as is common to man; but God is faithful we should rejoice in the solution to who will not suffer you to be tempte Jesus said, "My grace is above that ye are able, but will with sufficient for thee." ### ANSWERS TO YOUR BIBLE QUESTIONS QUESTION:

Sabbath or the Lord's Day? Is

Sunday the Sabbath?

The scriptures teach that Christians are to meet on the first day of the week, or Sunday, to worship God. Christians are not commanded to meet on Saturday, the Sabbath, or seventh day of the week. The Sabbath day was given to the Israelites by God, as one of the ten commandments, and was given to them to remind them of their Egyptian bondage. This covenant that God made at Mount Sinai was with the Jews alone. Speaking of the covenant, Moses said, "The Lord made not this covenant with our fathers, but with us, even us, who are all of us here alive this day" (Deut. 5:3). The Jews were to 'remember" the Sabbath day to "keep it holy" (Ex. 20:8). There were many rules and regulations associated with the Sabbath day, such as animal sacrifices, which no men "keep" today. But God intended for the old covenant to give way to the new covenant for Christians.

Sunday School . that he saith, A new covenant, he hath made the first old. Now th which decayeth and waxeth old is ready to vanish away" (Heb. 8:13). Paul tells us, further, that in his sacrifice for us, Christ was "blotting out the handwriting of ordinances that was against us, which was contrary to us, and took it out of the way, nailing it to his cross" (Col. Jesus Christ arose from the dead on the first day of the week (Luke 24:1-8), the Lord's church was established on Pentecost, a Sunday, and Christians have since then met on the first day of the week to worship God. The New Testament example is one of Christians meeting o

Sunday to worship. The first day of the week observance of the Lord's Supper was considered so important that the apostle Paul "tarried seven days" in Troas that he might worship with the Christians on the "first day of the week" (Acts 20:7). The scriptures give no indication that Paul or the other Christians at Troas kept the Sabbath day that passed while they were waiting for the first day of the week to come Paul told the brethren at Corinth, "Upon the first day of the week le every one of you lay by him in store, as God hath prospered him" Cor. 16:2). The early Christians "continued steadfastly in the apostles doctrine and fellowship, and in breaking of bread, and in prayers (Acts 2:42). The apostles doctrine included meeting on the first day of the week to break bread, or have the Lord's Supper. There is no command in the New Testament for the church to keep the Sabbath day, nor is there any example of Christians keeping the Sabbath. It is rue that Jesus kept the Sabbath day, as well as the Passover, and other Jewish religious laws, but Jesus lived under the old covenant, keeping the old law perfectly. The new covenant, by which we live, did not come into effect until his death.

Job 32:8. But there is a spirit in man; and the inspiration of the Almighty giveth them understanding. Here in Job we find that man has a spirit within him through which God, which is the Almighty, can

Let us also read in Proverbs 20:27: The spirit of man is the candle of the Lord, searching all the inward parts of the belly. We find here that the spirit in man is the Lord, that searches all the inward things of man, his thoughts, his actions, even the feelings of a man - whether it be love toward someone or a hateful feeling; God knows the true intent of a man's heart (or spirit.)

But, hold on, there is more to this, because not everybody knows

God. Therefore this candle that shines out in darkness and is so very righteous and holy - many people don't have. Do you know why? Have you ever heard the expression, "You are what you eat?" Well that means exactly what it says. If you feed your inward man or spirit things that are unholy, unrighteous, things that stink in the nostrils o God, your candle shall be put out. You find over in Job 18:5-6: Yea, the light of the wicked shall be put out, and the spark of his fire shall not shine. The light shall be dark in his tabernacle, and his candle shall be

Are you putting out the light in your tabernacle, which is your body. Many young people today and older people are looking for something, something different, some kind of new feeling. That's why some people turn to drugs, some to suicide, and some even to Satan worship. The devil is working hard in these last days and people have put out their light, through their wickedness, that they are so much in total darkness to the things of God.

If you will just call on God, He will lift you up out of darkness, so you can see the true path of righteousness. If you refuse God, He will refuse you and say "Depart from me, for I never knew you." My friend, that will be the saddest thing you'll ever hear. So call on God, before it's too late, for "the coming of the Lord is at hand."

17 acts in the student and adult classes, and each act was judged on originality, appearance and lip sync.

First place winner in the student class was Jason Jones who was awarded \$25 for performing "Short People." Second place winner won \$15 and third place - \$10. All money for prizes was donated by Dr. Oliver of Enterprise.

Winners in the adult class were June Brown and Shirley Dean as the "Short Sisters." Winners in the adult class performed for charity and were chosen by the act receiving the most donated money from the audience. All money raised went toward purchase of new band uniforms and preparation for next year. purchase of new band uniforms and preparation for next year.

Our very own Mrs. Gayle Jackson was Master of Ceremonies as "Minnie Pearl." Mr. Seanor felt the contest was a success and plans to make it an annual event.

> BAND DAY ACTIVITIES SUCCESSFUL By: Camille Marier

A dunking booth, numerous games, a helicopter display, a car smash and serformances by the TSU Jazz Band, Mike Taylor's Band and the Renegades were all a part of Zion Chapel's Band Day. Band Day appeals to all ages. Small children enjoyed games such as fish pond, bag toss, water baleen toss and relay races. The dunking booth, car smash and softball appealed most to the teenagers, and the adults enjoyed the cake walks, bingo and arts and crafts. Many door prizes, donated by local merchants, were given away, and there were

also prizes for all relay races.

Band Day, along with "Puttin" on the Hits" on May 8 raised a little over \$4,000.

Two-thirds of this money will help purchase new uniforms for the band and the other third will go into the band's account for the beginning of next year. Mr. Seanor and the band would like to thank all the teachers and parents for their help in making Band Day a success. Mr. Seanor said, "I think it was a very successful fund-raiser and was enjoyable for the entire community. Next year promises to be even bigger and better.'

MRS. BRYAN AND MRS. HERBERT SERVE ON REVIEW TEAM By: Cheryl Falson

"It was a very valuable experience because I got to see the other side of the coin," was the opinion of both Mrs. Rachel Bryan and Mrs. Mary Herbert who served as members of the Southern Association of Accreditation for High Schools and Colleges Review Committee for the Daleville City Schools recently.

As members of the committee their job was to see whether or not the Daleville systems were actually doing what had been reported in a self-study by the school. They also checked for any violations of Southern Association Standards.

Each team member observed the school programs in the fields they were assigned. Following each observation a report was written on what had been done. Mrs. Bryan observed the Social Studies and Business Education Departments, and Mrs. Herbert observed the Social Studies and Business Education Departments, and Mrs. Bryan observed the Mathematics Department and the Gifted program.

The committee observed on Monday and Tuesday morning, Tuesday afternoon and Wednesday morning. On Wednesday afternoon a report was submitted to the Daleville System. The information in the report was adopted from each area studied and compiled in one report from the committee as a whole. Before the report could be submitted to the Daleville schools it had to be approved unanimously.

The committee was made up of teachers from Ozark, Enterprise and Elba city schools and from county systems of Barbour, Pike and Coffee. Chairman was Dr. Larry Beaty, superintendent of Barbrour County Schools.

Mrs. Bryan and Mrs. Herbert both reported the students and faculty of Daleville to

I know they grow up in a hurry, but - - - !! Our little girl turned four years old a couple of months ago, and while I'll reluctantly admit that my little baby is growing up, I had to do a little thinking when my wife told me she would graduate Friday morning and I needed to be there. I knew daycares and kindergartens held graduations, but to think my little girl was old enough to graduate from anything was quite a shock! It made me feel a little better at graduation when they announced the 4-year-olds weren't actually graduating and would be back next year; however, the entire event was almost more than I wanted to think about. Sometimes I wish I could slow down the time a little!

### ELBA HIGH ATHLETICS COMPLETES ANOTHER BANNER YEAR

The success of the Elba Tiger baseball team put the finishing touches on another banner year for the athletic program at Elba High School. The baseball team won the area and region titles and advanced to the quarterfinals before falling to eventual state runner-up UMS Prep, which gave the Tigers a final ranking of a tie for 5th in the state in Class 3A! The Tootball team dominated the 3A ranks during the season and in the playoffs before falling in the finals to Crossville, and while the Tigers had to settle for second, the Tigers' power became known statewide. The basketball team struggled during a rebuilding year and lost in the area tournament; however, the Tiger basketballers advanced to the playoffs and the state tournament only a year ago and lost 10 of 11 players off the squad, making the rebuilding year one that was expected.

The enrollment at Elba High has been declining for a number of years, as its drop from 4A to 3A indicates; however, the quality of the athletic program has remained high, and looking ahead it appears the best days are yet to come, which is saying a lot when you consider the football team has been the state runner-up two straight years in two different classes, the basketball team won two straight county titles and made it to state only a year ago, and the baseball team advanced to the state tourney with a team dominated with underclassmen. I don't care what class you're talking about, when you can accomplish the things the athletic program at Elba High has, it means your

### COUNTY BASEBALL, HOPEFULLY A PREVIEW OF THINGS TO COME

Kinston High School fielded a baseball team this past season, its first in many years, and hopefully the other two schools in the Coffee County system will follow suit and field a team when the season rolls in next spring. I'll be the first to admit that high school baseball in south Alabama is not a money-making sport; however, baseball is a good clean sport and would provide the students with something to do after spring training. Both New Brockton and Zion Chapel have fields that could be used for baseball and I urge the county schools to jump on the bandwagon next year and join in the

### LET'S GIVE THE GIRLS A SPORT TO PLAY

I know I just got through bragging about the athletic program at Elba High School and the boys' program is among the tops in the state; however, it's time school officials made a commitment to fielding teams for the girls in several sports! Years ago the school fielded a girls' basketball and softball team, and while neither team became state champs, both were very competitive and the girls enjoyed playing. I've been active in the recreation department in Elba for a number of years and have also been active in many events at the school and I can assure you that many girls with a lot of athletic ability have gone through the school without having a chance to participate i athletics, which isn't fair! The time has come to offer sports to the girls at Elba High, and if the interest is there I think teams could be organized in basketball, softball and track. The girls can get scholarships just like the boys and the time has passed for the school to make the commitment!!

### BASEBALL LEAGUES DODGE RAIN TO GET IN ACTION

The rainy weather last week resulted in the postponement of one night of Dixie Youth baseball and one night of men's softball; however, a total of 8 games were played in the baseball leagues and 3 in softball, which is still a lot of action. Here is a look back at the week in sports: \*\*\*Dixie Youth - The big showdown between the Pirates and Cardinals was rained out Thursday night, but both frontrunners remained undefeated and

the top performances of the week were turned in by Joe Donaldson and Michael Grantham. Donaldson, of the Pirates, pitched his team to a big 15-0 win over the Astros as he tossed a no-hitter and struck out 10 batters in only four innings, two short of the maximum! Grantham, of the Astros, grabbed the spotlight earlier in the week when he hit a double, triple and home-run and collected 7 rbi's in a win over the Tigers! \*\*\*Babe Ruth - The White Sox bit the dust after five straight wins and the

Reds and Dodgers showed signs of life as the older players successfully dodged the rain. The Sox had been the surprise of the season with the winning streak and many were ready to engrave their name on the first-place trophy; however, the Reds snapped a losing streak to knock off the Sox and may be headed for a winning season of their own. The Dodgers, last year's champs, bounced back from a big loss to upset the A's, and for now it looks ike the league title may be up for grabs! \*\*\*Men's Softball - The men got to play only one night due to the rain, but

there was enough action on the one night to carry over through the rainout! The Elba Merchants poured in 22 runs against Country Convenience to continue to be the surprise team of the league, while Cook Chevrolet scored a whopping 36 runs against Work Release to remain the league's only unbeaten team. The City Merchants, last year's Class D champs, posted a win to remain just a game back of Cook; however, the City boys haven't played as well as expected this season and if they can put it all together seem ready to challenge for the crown. The men's softball league is well-balanced with three teams being able to win on any given night and three more teams that can surprise you. It's not a bad league

### A MUCH NEEDED MINI VACATION

I took the family down to Destin over the weekend for a much-needed mini vacation and even though I spent too much money, it was a good trip. Destin has the world's most beautiful beaches and isn't as crowded as other beach resorts, making it the place for us to go whenever we get the chance. While we didn't do much, we did play a little miniature golf and my little girl made three holes-in-one, which was two more than I got - and made her the winner!

# **Provides 24 Hour Emergency Room Service**

The Elba General Hospital and Nursing Home is very proud of the many medical services and programs that are offered to the people in our service area. We are extremely proud of our emergency room service. We have excellent facilities and equipment. More importantly, we are very fortunate to have excellent physicians and staff to provide emergency and outpatient services to the many people that we serve. We have a fully licensed highly trained physician on duty in the hospital emergency room from 7 p.m. to 7 a.m. daily. [On those times when we do not have a physician within the hospital, either Dr. Dyess or Dr. Cochran is on call and readily available to serve your medical needs.] We feel that our emergency room service is equal to or superior to any of our surrounding hospitals and we encourage you to use it if you need to. We very much want to serve you.

everal different kinds of copy machines; each one was thought to be an

improvement over the other. I remember a wet-dry machine so well. By the

time you had copied and cleaned up, in a few months, the paper had turned

dark in the file. Thank goodness, in most instances, they have laid the old

messy mimeograph machines to rest. However, they saved the cooperative

many dollars in their day. For many years I was in charge of the preparation

for annual meetings, and the mimeograph machine was used to make about

seven or eight thousand copies of mail-outs. There had to be three mailings, according to state law and bylaws. Two of the mailings were identical. This

law has been changed now, and that foolish duplicate mailing is no longer

required, which is quite a savings. Everything is professionally printed now

and the mimeograph machine is obsolete. Naturally, all these thousands of papers had to be hand-folded. As the cooperative was financilly secure, new

Reminiscing..... By: Edith Johnson

Someone said to me, "Why don't you reminisce?" I am a sentimentalist and this should be easy, but where do I begin? My first thought is, Where would I (and so many others) be today had it not been for Franklin D.Roosevelt's dream of electricity come true?

A challenging door was opened for me when I was asked if I would be interested in working for South Alabama Electric Cooperative. I had been out of high school and working elsewhere only a short while. A friend of mine, who wanted to keep me on that job, discouraged my new opportunity. She said, "REA is a government job and will last only a short while." I am glad I couldn't resist the dare. Here I am 40 years later and South Alabama Electric

is celebrating its 50th anniversary with the promise of a bright future.

Mr. Melvin Livings, a former manager, and I began work with the cooperative on May 5, 1947. I'll never forget the meager existence of the business and what company the cooperative on the cooperative of the cooperative on the business and what seemed to be every type of managerial problem he encountered during the early years. As if getting the cooperative going and in good operating condition was not enough responsibility, he had more than s fair share of perplexities. I praise him highly for 30 years of staunch, excellent management and dedication.

Materials and loans were hard to obtain during the post World War II years. Therefore, line construction was slow. There was always a list of prospective customers who were willing to do anything they could to help themselves and their neighbors have electricity as quickly as possible. At first, this meant merely a cord hanging from the ceiling of a room with perhaps a 15-watt light bulb. Scarcity also meant few employees who were willing to work for humble salaries (and thought it was good). I was one of those who was proud to have a job. Disappointment overwhelmed me quickly and I accepted the job on the promise of being able to make overtime pay. In a matter of months, however, overtime was stopped and I had a rough time coping with the dissolution. The cooperative has been good to and for its employees, so through the years this scar was healed.

For now, I'll forget the lean years with the many problems that I've seen cardboard (or tin) stencil for each consumer. Then think of hand-stamping management encounter and overcome so effectively, and recall some of the each one with dirty ink. Of course, they had to be individually filed. I used

The cooperative has had four headquarters. I started to work in the Rock Building. My first assignment was to clean out the files. I have teased many times about this. I recall there were no files; only stacks of file folders, etc. magine two new employees, immature in the field of electricity, thinking ANYTHING was important! I suppose Annette Fannin (Stovall) and I guessed rather well, though. The business has survived without what we discarded. After I became secretary, many times I've thought of those throwaway" days. My successor should have no problem with the files, for through lessons learned, I've discarded nothing in 391/2 years. We didn't remain in this building too long, and were excited when we moved into a new building on Market Street. At first the billing and elinquent notices were prepared by hand. Then I fell heir to a Burroughs

billing machine. I can remember taking receipts home a few times at night to have ready for posting the next day. Many changes can occur in a week, but when you speak in terms of 40 or 50 years, progress is unbelievable. South Alabama Electric Cooperative has always been considered one of the best cooperatives in the state. Auditors report we have always had a marvelous bookkeeping system - we had records to back up records. Practically all this hand-written information is obsolete now. Everything is on computer, but the records are still available. Computers are a blessing to the working world. Everything done in the office (even payroll) is on computer; hours and hours of time saved! I can mention some of the equipment I have used through the years and

they will mean nothing to many of you, but believe me, inventions have come
